Hi Everyone,

Today we learned from Hal Bookbinder the genealogy of the Bookbinder family of restaurant fame and the history of the Bookbinder restaurants. If you missed it, here is the link....

Speaking of old Philadelphia restaurants, I came across a cool website that brings back lots of memories! "Vintage Menu Art". <u>https://vintagemenuart.com/</u>

### Product Description 1947

This illustration of a friendly cup of coffee was on the front cover of many Linton restaurant menus. It's everything we love about vintage menu art – cheerful and eye-catching and is dated 1947.

Isaiah Linton opened his first restaurant on Front Street in Philadelphia in 1890. At the time, the city had numerous iron and steel-related manufacturers and the textiles, cigars, sugar, and oil industries were also thriving.

His next restaurant was established in 1898 at 108 S 8<sup>th</sup> street - it was Philadelphia's first air-conditioned restaurant - and by 1940 the Linton family had around 40 restaurants open around Philadelphia, Atlantic City and Camden.

In 1942, Linton's won the title of Philadelphia's Best Cup of Coffee and as well as delicious coffee, the restaurants served hearty, healthy and good value meals.

Linton's went on to operate cafeterias for many businesses in Philadelphia until 1981 when the company moved into food service management. It remains a thriving and highly respected company, with a wide range of services that includes the delivery of healthy meals to schools, hospitals, and residential communities.

## **Book Club Update**

### **Book Club Meeting #5**

Thanks to Beth Steiner for leading our discussion of The Book of Lost Names. We all said we liked historical fiction. We are not meeting in July and August because of the IAJGS Conference.

#### Book club meeting #5 will be held on September 28TH at 7:30 pm.

We will be reading:

UNORTHODOX: THE SCANDALOUS REJECTION OF MY HASIDIC ROOTS by Deborah Feldman.

Felicia and Dee will be leading our discussion. You may have seen the tv version, but the book includes more information.

# **Book Club Meeting #6**

Book Club Meeting #6 will be held on October 26th at 7:30 PM.

We will be reading: Red Sea Spies: The True Story of Mossad's Fake Diving Resort by Raffi Berg, Peter Noble, et al.

Rebecca Parmet will be leading our discussion.

The true story that inspired the Netflix film *The Red Sea Diving Resort*.

In the early 1980s on a remote part of the Sudanese coast, a new luxury holiday resort opened for business. Catering for divers, it attracted guests from around the world. Little did the holidaymakers know that the staff were undercover spies, working for the Mossad - the Israeli secret service.

Providing a front for covert night-time activities, the holiday village allowed the agents to carry out an operation unlike any seen before. What began with one cryptic message pleading for help, turned into the secret evacuation of thousands of Ethiopian Jews who had been languishing in refugee camps, and the spiriting of them to Israel.

Written in collaboration with operatives involved in the mission, endorsed as the definitive account, and including an afterword from the then Mossad director, this is the complete, never-before-heard, gripping tale of a top-secret and often hazardous operation.

# **Book Club Meeting #7**

Book Club Meeting #7 will be held on November 30<sup>th</sup> at 7:30. (last week of November)

We will be reading: The Only Woman in the Room by Marie Benedict

Linda Ewall-Krocker will be leading our discussion.

Bestselling author Marie Benedict reveals the story of a brilliant woman scientist only remembered for her beauty.

Her beauty almost certainly saved her from the rising Nazi party and led to marriage with an Austrian arms dealer. Underestimated in everything else, she overheard the Third Reich's plans while at her husband's side and understood more than anyone would guess. She devised a plan to flee in disguise from their castle, and the whirlwind escape landed her in Hollywood. She became Hedy Lamarr, screen star.

But she kept a secret more shocking than her heritage or her marriage: she was a scientist. And she had an idea that might help the country fight the Nazis and revolutionize modern communication...if anyone would listen to her.

A powerful book based on the incredible true story of the glamour icon and scientist; The Only Woman in the Room is a masterpiece that celebrates the many women in science that history has overlooked.

\* These books are available to read at most libraries in Philadelphia and the surrounding areas. Please consider joining us on our reading adventures.

## From the President's Desk

Summer greetings to you all!

Today we had our meeting, with speaker Hal Bookbinder joining us via Zoom from his home to talk about the amazing Philadelphia Bookbinder restaurant family. It is wonderful that we can hear from speakers who are not local. However, it is also disappointing to report that we have now held two hybrid meetings, at two different synagogues, but with mixed attendance. Many more people have joined us on Zoom than in the actual audience. It seems some people are still hesitant to venture out to events like ours. I sincerely hope that this changes in the coming months.

Our in-person events are the hallmark of our society, with people benefitting tremendously from the opportunity to nosh, meet each other, share stories and of course, ask questions of our compelling experts who have joined us in person for this purpose. Please know that all protocols are being implemented to adhere to local and synagogue health mandates and we have all been fully masked at both presentations thus far. I look forward to seeing many of you in the fall once our in-person meetings resume.

In the meantime, we have a spectacular virtual event in August. The IAJGS International Conference on Jewish Genealogy will be held from August 21-25. An extensive roster of speakers will be available for you to watch from the comfort of your own home. Many of the sessions are recorded so you can choose when you wish to watch! If you wish to learn more about this, or have not yet registered, go to: <a href="https://s4.goeshow.com/iajgs/annual/2022/registration\_overview.cfm">https://s4.goeshow.com/iajgs/annual/2022/registration\_overview.cfm</a> Most Live talks will become available on-demand shortly after the live presentation. All conference attendees will have access to the Virtual Library, as well as the Attendee Lounge and Expo Hall, for 60 days after the Conference ends. Our first issue of Chronicles following the IAJGS conference is usually comprised of articles about conference sessions of note.

If you do participate in the IAJGS conference, post comments on our FB page and above all, please plan to write a brief piece about any sessions you found impactful and share with us all through our wonderful journal. Your article(s) should be submitted to <u>editor@jgasgp.org</u>

The Jewish Genealogical and Archival Society of Greater Philadelphia (JGASGP) has invited a number of excellent speakers to enrich the virtual program at the 42nd IAJGS International Conference on Jewish Genealogy.

In memory of our former JGASGP Board member, **Steve Schecter** we welcome **Dr. Toni Pitock**, Assistant Professor of History and Judaic Studies at Drexel University in Philadelphia. Look for **The Steve Schec**-ter Memorial Lecture on "Jewish Mercantile Networks in Colonial Philadelphia, 1736-1776."

*Mark Turdo,* Curator of Exhibits at Philadelphia's Museum of the American Revolution will speak on "By the Above Constitution: Seeking Jewish Rights in Revolutionary America 1783."

**Dr. Robert Watson**, Distinguished Professor of History at Lynn University in Florida will speak on "The Nazi Titanic: A Shocking, Unknown Story from the Final Days of the Holocaust."

**Rachael Cerrotti**, award-winning author and the Inaugural Storyteller in Residence for USC Shoah Foundation will tell the story "We Share the Same Sky," the title of her book and podcast about her Holocaust survivor grandmother.

**Sydney Cruice-Dixon**, JGASGP member and President of the Philadelphia Area Chapter of the Association of Professional Genealogists, will present "Learn About Jewish Record Resources in the Greater Philadelphia Area."

Our members **Miriam Weiner**, **Mark Halpern**, **Joel Spector**, **and Sharon Taylor** are presenting during the conference! Robert Watson will also give an updated talk about Hamilton. Look for their lectures in live and the pre-recorded library. I hope I included all members. If I omitted your name, please let me know.

*Make sure you check your e-mails for updates and announcements! Enjoy the rest of the summer!*

#### **UPCOMING LECTURES ON ZOOM**

#### Speaker: Dr. Alexander Beider, PhD

#### Date: Sunday, July 17, 2022, 1pm Pacific Time

Dr. Beider is recognized as the leading authority on Jewish names from Eastern Europe. A large majority of Jews of the Russian Empire received their family names only about 200 years ago managed internally within Jewish communities. Dr. Beider uses onomastics and linguistics as tools to unravel the history of the Jewish people, evolution, migrations, and naming traditions.

Dr. Beider has written a series of reference books dealing with the etymology of Ashkenazic and Sephardic surnames, Ashkenazic given names, Origins of Yiddish Names and many more. His latest work is the Roots of Jews from the Ottoman Empire. You do not want to miss this presentation!

As a result, the names adopted in the Russian Empire reflect a panorama of Jewish life at the beginning of the 19th century including languages used and their peculiarities, occupations, given names, and places of settlement. Some surnames provide information about ancestors who lived well before the 19th century, according to Alexander.

#### About Alexander Beider

Alexander Beider holds one doctoral degree in applied mathematics (Moscow Institute of Physics & Technology, 1989) and another in Jewish Studies (Sorbonne, Paris, 2000). He uses onomastics and linguistics as tools to unravel the history of the Jewish people. He has written a series of reference books dealing with the etymology of Ashkenazic and Sephardic surnames and Ashkenazic given names, all published by Avotaynu Inc. (1993-2019). His book Origins of Yiddish Dialects, published by Oxford University Press (2015), sheds light on the early stages of the development of Yiddish. Beider was born in Moscow (Russia) and lives in Paris (France) since 1990.

These archives include historical materials from before, during and after the Holocaust. They include collections topics such as:

- The activities of Jewish political, cultural, educational, and philanthropic organizations.
- information about individuals, census data, vital statistics, lists of names, personal files, etc.
- pogroms during the Russian civil war, closure of synagogues and dissolution of Jewish communities by the Soviet authorities, demographic, and statistical information and other documentation;
- the Nazi German administration in occupied Ukraine and Ukrainian auxiliary police;
- Jewish ghettos;
- postwar developments, such as Soviet investigations of war crimes committed by Germans and their allies on the occupied territories, return of evacuated populations, restitution of Jewish property and war crimes trials and Soviet antisemitism.

With one of Europe's largest pre-war Jewish populations, Ukraine was the site of critical events in Holocaust history, including the beginning of Nazi Germany's systematic mass killings of Jews after the invasion of the Soviet Union in 1941. At least 1.5 million Jews were killed within Ukraine's current borders.

#### Genealogy Coffee Break from the Center for Jewish History

The Center for Jewish History is changing the format of their Genealogy Coffee Break series. While we will continue to produce and share a new episode each month, we will no longer air the episodes live. In our May episode, we reveal our favorite tips for using <u>FamilySearch.org</u>. You may now view this episode and all of our previous episodes anytime on the Center for Jewish History' <u>Facebook page</u> or <u>YouTube channel</u> (closed captions are available on both). To receive updates on future episodes, please "Like" or "Follow" our Facebook page or subscribe to our YouTube channel.
